NEEDED

CLEAN INSPECTION REPORT.

This two-story retreat offers a blend of modern elegance and cozy charm, all while enjoying privacy with serene views of the pond and

nature preserve. Inside is a neutral color palette that creates a warm and inviting atmosphere, the entire interior of the home was painted. No more builder grade flat finish paint that is hard to clean. Thoughtfully chosen designer lighting fixtures and ceiling fans accentuate the home. The open-concept kitchen, featuring granite countertops, upgraded cabinet hardware, stainless steel appliances, and ample cabinetry for all your storage needs. A center island with an eating space is perfect for casual meals, while a dinette area offers a more formal dining experience.

Upstairs, the spacious bedrooms are complete with custom closet shelving, providing exceptional organization. The laundry room is a dream, complete with high-end Samsung front-load washer and dryer, (purchased in 2024) HE 5cu load size. This space also has additional cabinetry and a charming shabby chic rustic barn door.

One of the most unique features? A cozy hideout under the stairs! Whether it's a fun play nook or a designated retreat for your furry friend, this custom-built space adds character and function. All curtains and window treatments will remain. The loft bookshelf and the desk system in the 3rd bedroom will convey with home.

Relax and unwind in the screened-in back patio, perfect for sipping coffee while soaking in the tranquil pond and preserve views. The patio also includes sun shades for added privacy and comfort, which will remain with the home. The attached storage room is thoughtfully designed with built-in shelves for organization and finished stucco walls.

The garage is a standout! Designed with both function and style in mind, it features a sleek

epoxied floor, and the walls finished with stucco texturing (no exposed brick!), and a smart ceiling storage solution to maximize space. Plus, for eco-conscious homeowners, there's a 30-amp EV hookup ready for your electric vehicle. Not to mention, the top floor windows are hurricane rated glass, and you only have one hurricane shutter to install for the back patio, which is tucked away neatly in the garage.

This home is truly move-in ready! It has already been pre-inspected and passed with a clean Report Sheet, giving buyers peace of mind. Plus, the existing survey will save buyers money at closing! Beyond the home, River Field Townhomes offers walking trails and a playground, creating a wonderful community for families. As a bonus, homeowners also have access to the resort-style amenities of North River Ranch, including a sparkling pool, clubhouse, fitness center, tennis courts, and miles of walking paths.

Built in 2022
